

INFORMATION BULLETIN

Change to Plumbing Compliance Permits – Cold Water Expansion Valves

Issue Date	11 September 2013
Department	Water & Waste Services
Program	Business Services

ISSUE
WS002

1 Purpose of this Information Bulletin

To advise plumbing industry stakeholders of a change to the Mackay Regional Council plumbing compliance permits.

2 Details

As of November 1, 2013, all plumbing compliance permits issued by Mackay Regional Council will include the requirement to install cold water expansion valves on all hot water units within the Mackay Regional Council area.

The installation of cold water expansion valves must comply with, but not be limited to manufacturer's specifications and AS/NZS 3500.4:2003 clause 5.8, 5.10.3(b), Table 5.1, Figures 5.7 and 5.9.

The above requirements will also apply to replacement/changeover hot water units in existing premises.

3 Date of Effect

This change will come into effect from November 1, 2013.
