

Snow Wood

Pararchidendron pruinosum

par-AR-chi-den-dron pru-in-O-sum

Dense, glossy, lacy pinnate foliage and ornate orange twisted seed pods makes for an attractive feature tree.

The fragrant whitish flowers are borne in globular clusters and darken to orange with age.

This rainforest tree can be used as an informal screen or windbreak as well as a shade tree.

It produces a decorative general-purpose timber.

Category: Trees (5 to 10m)

Height: 8 metres

Spread: 3 metres

Full sun to part shade

Moderate watering

Well drained soil

Butterfly attracting
