## Appendix B - Notes

Note	
1	<p><b>Electronic Lodgement</b></p> <p>All application fees based on electronic lodgement where permitted under Council business rules. An additional 5% for applications lodged manually will apply.</p>
2	<p><b>Policy - Supply of Bulk Water by Standpipe</b></p> <p>Bulk water for construction purposes may be supplied via a metered standpipe installed by Mackay Water personnel or by persons approved by Mackay Water staff. A deduction for any outstanding charges or costs associated with damaged equipment will be charged to the customer. Water Consumption Log Books issued by Mackay Water with standpipes as a condition for use must be returned by the due date. Issue of Standpipes is subject to availability.</p> <p>Accurate daily meter readings shall be kept and supplied to Mackay Water monthly. Bonds will be released upon return of metered standpipe in good condition and upon full settlement of rental fees and consumption charges.</p> <p>Bulk water for filling swimming pools may be supplied via a metered standpipe installed by Mackay Water personnel or by persons approved by Mackay Water staff. A deduction for any outstanding charges or costs associated with damaged equipment will be charged to the customer.</p>
3	<p><b>Artspace Concessions</b></p> <p>Concession is available to students, seniors and health care card holders; Volunteer Friends of Artspace Mackay; Friends of the Mackay Entertainment Centre; Friends of Mackay City Library; Friends of Greenmount; Members of Flying Arts Inc; Museums Australia Inc; Regional Galleries Association of Queensland.</p> <p>Other concessions may be made available at discretion of Director Artspace Mackay. Course fees may exceed those above at the discretion of the Director Artspace Mackay, where the cost of running the course or use of specialist expertise justifies a higher charge.</p>
4	<p><b>Meadowlands Amphitheatre Event Guide</b></p> <p>Please refer to the <b>Meadowlands Amphitheatre Events Guide</b> document for further information.</p>
5	<p><b>Waste Collection</b></p> <p>Where Council cannot provide a resident with a scheduled waste bin collection service, the maximum charge will be \$7.00. For a resident to be provided with this fee, they must apply for approval from Council for this discount &amp; provide evidence of that approval to the site attendant. The maximum amount of waste is 240 litres.</p>
6	<p><b>Waste Outside the Region</b></p> <p>Waste generated from outside the region must have written approval from Council before acceptance. Approval is given on a case by case basis and is dependent on Council's own operational and asset maintenance requirements.</p>

---

**Note**

---

**7 Plumbing Application Fees:**

The fee structure includes one inspection of all mandatory inspection stages as noted in the development permit. In the event, additional inspections become necessary, the relevant additional/re-inspection fee will apply and must be paid prior to the service.

Where the fee is shown as Price on Application (POA) quotations can be provided on request. A 100% surcharge applies to all retrospective development applications, that is plumbing works already commenced and/or completed. The installation of 'required' water meters in class 2 to 9 buildings are considered as fixtures and will be charged at fixture rates. The installation of tundishes connected direct to drain, or floor waste gullies (FWG) receiving waste from tundish/s only are considered as fixtures and will be charged at fixtures rates.

Note: All Plumbing Applications require professional quality plans detailing compliance with all the relevant aspects of Queensland Government Plumbing Legislation at time of lodgement.

---

**8 Development Services General Terms and Conditions**

Fees for Development approvals are applicable for applications lodged under the Mackay Region Planning Scheme and the Mackay Waterfront Priority Development Area.

Price on Application quotations will be provided on written request to the relevant manager with one copy of forms and building / proposal plans attached.

For combined or multiple-use applications, the charge for the application is based on the charge for each component part (unless the secondary or other use is ancillary, which is necessarily associated and incidental or subordinate to the main use) or otherwise as determined by Council.

Offshore islands inspection costs are additional to the standard fees and charges as detailed in this schedule. The required additional fee is to be negotiated with the relevant manager at the time of lodgement of an application or request that requires one or more site visits. The additional charge will incorporate costs associated with travel and additional staff time.

Where a use is not defined in the relevant planning scheme, the fee will be set as the use deemed most similar by the Manager Development Assessment, Manager Development Engineering, Director Development Services or Chief Executive Officer.

"Gross Floor Area (GFA) or part thereof" is defined by the relevant planning scheme and is rounded up to the next 100m<sup>2</sup> (For example, 440m<sup>2</sup> rounds up to 500m<sup>2</sup>). Also, included in the calculation of GFA for Industrial and Commercial buildings is the addition or provision of large awnings covering significant areas where the awning is larger/wider than required to provide weather protection to doors or openings. Council considers these awnings to form part of the 'work area' and therefore GFA.

The value of a project is the value of works covered by the application. Where any uncertainty occurs in the calculation of the value of a project, the applicant is advised to contact the relevant manager prior to lodgement of the application.

---

**9 Reconfiguring a lot:**

Fees are calculated based on each lot as shown on a proposal plan, including community title lots (e.g. 5 lots into 4 lots = 4 lots or 1 lot into 5 lots = 5 lots). Excludes lot/s to be transferred to Council.

Applications for Reconfiguration of a Lot by subdivision on land zoned Rural, where the minimum lot size proposed is less than 100ha will incur a further fee of 50% of the prescribed fee.

Applications for Reconfiguration of a lot by boundary alignment on land zoned Rural, where the original lot size changes by more than 20% will incur a further fee of 50% of the prescribed fee (e.g. 100ha and 10ha site changes to 103ha and 7ha will incur the additional charge).

---

<b>Note</b>	
10	<b>Material Change of use:</b>
10A	<b>Mini</b>  Including uses defined in the MACKAY REGION PLANNING SCHEME - Dwelling House (including out-buildings and secondary dwellings)
