Date of Adoption:	21 June 2023
Resolution Number:	ORD-2023-184
Review Date:	21 June 2024

Scope

This policy applies to property owners connected to Mackay Regional Council's (MRC) water reticulation scheme where high water consumption charges have been incurred due to exceptional circumstances.

Objective

The objective of this policy is to:

- provide a framework to identify the circumstances which would qualify property owners for relief under this policy,
- identify the manner in which property owners can claim eligibility, and
- establish the extent of relief to be provided for such property owners.

Policy Statement

The extent of relief provided should not exceed the additional charges that the property owners are subject to, due the identified circumstances. However, there is no obligation on the part of MRC to provide relief to the full extent of the additional charges.

This process to remain in force until otherwise determined
by Mackay Regional Council

1.0 Principles

MRC recognises that certain property owners will be faced with exceptional circumstances beyond their control, which would result in such property owners having to bear an unusually high level of charges on their water notice levied by MRC. MRC also recognises that it has an obligation to provide a level of relief to such property owners.

Human Rights have been considered when preparing this Policy.

The following principles will be applied in identifying the circumstances under which property owners would be eligible for relief.

It is NOT the intention of this policy to:

- provide relief to individual property owners based on individual needs and circumstances.
- provide relief based purely on economic circumstances (e.g. unemployment).

The identified exceptional circumstance should:

- have the capacity to be applicable to a specifically identified group of property owners;
- be non-economic;
- be beyond the control of the property owners; and
- result in the group of property owners being subject to a higher than normal water consumption charge in their water notice.

The extent of relief provided should not exceed the additional charges that the property owners are subject to, due the identified circumstances. However, there is no obligation on the part of MRC to provide relief to the full extent of the additional charges.

The circumstances which would make a group of property owners eligible for relief and the extent of relief to be extended to such property owners are identified in Annexure A to this policy.

2.0 Complaints

Any complaints in relation to this service will be assessed and managed in accordance with MRC's Administrative Action Complaints Policy, a copy of which can be found on MRC's website.
