

Wonga Vine

Pandorea pandorana

pan-doh-REE-ah pan-doh-RAR-nah

Height: 2 to 20 metres

Spread: 1 to 9 metres

Full sun to light shade

Prefers adequate moisture

Prefers a well-drained soil

Butterfly attracting

Bee attracting

Winter to summer sees this gorgeous native climber covered in masses of pendulous bell-shaped flowers.

The flower colour is highly variable and ranges from pure white to cream with maroon veining through to yellow. This fast-growing evergreen climber with twining branches has glossy green foliage.

This plant looks brilliant trained over an arbour and will also grow across the ground if no support is available. Hard pruning is useful to revitalise a tired specimen.
