# Searches and plans

## Rates and water searches

### Rate certificate

Council recommends this search when purchasing any type of property within the region. Information provided on a rates certificate includes the following:

- Current registered owner and postal address details
- Property address and real property description
- Land area and approved zoning

- Unimproved and rateable valuation
- Rates and charges levied for the rating period
- Full rates financial information, any arrears and interest outstanding on the property
- Any outstanding building or plumbing requisitions registered on the property
- Any outstanding health notices registered on the property
- Any planning or other conditions registered on the property

- If a water meter is connected to the property

### Water certificate

Information provided on a water certificate, includes the following:

- Current registered owner and postal address details
- Property address and real property description
- Metered water charges applicable for the financial year
- Water meter ID
- Last billed date and reading

# Searches and Plans

- Date of special meter reading and reading
- Estimated pro-rata consumption charges applicable based on special read

Some of the region's properties are not on reticulated water, therefore we recommend you verify this prior to submitting an application by calling 1300 622 529.

## Registered proprietor

A registered proprietor search provides the following information:

- Current registered owner and postal address details
- Property address and real property description
- Land area and approved zoning

For details of adjoining property owners', please contact council's call centre to discuss prior to completing the registered proprietor search application.

## Building compliance searches

### Building and plumbing records search

A BPRS provides information about what building and plumbing approvals are recorded against a property in council's records.

#### BUILDING

- Any outstanding building requisitions registered against a property

- Description of approved structure
- Approval date
- Approval number
- Final inspection date

#### PLUMBING

- Any outstanding plumbing requisitions registered against a property
- Description of approved plumbing permit works
- Permit date
- Permit number
- Final inspection date

A BPRS does not provide:

- Copies of plans (this is a separate request)
- A physical inspection of the property to confirm current records

### Certificate of Classification or Certificate of Occupancy (Issued from October 1, 2020) (copy of certificates previously issued)

Certificates of classification or certificates of occupancy are available for class 2-9 buildings (commercial / industrial buildings and some units) and are issued when a building is completed to the satisfaction of a building certifier.

This search provides a copy of a previously issued certificate of classification or certificate of occupancy, where one is available in council's records.

If a certificate of classification or certificate of occupancy has not been previously issued for class 2-9 (commercial / industrial buildings and some units) building approvals that were approved prior to April 1998, council can carry out an inspection and issue a certificate upon written request. An inspection fee is required for this service. This inspection cannot be requested on this form. Please contact council on 1300 622 529 to discuss and obtain the relevant application form.

If a certificate of classification or certificate of occupancy has not been previously issued for class 2-9 (commercial / industrial buildings and some units) building approvals and was issued by a private building certifier, approved after April 1998, please contact the private building certifier.

## Health / environmental and regulatory searches

### Health requisition enquiry

An enquiry for licensed premises consisting of the following:

- Search of council records to indicate last correspondence or current status
- Outstanding licence fees

Fast track search available. A physical inspection of the property is not conducted for this search.

# Searches and Plans

## Health search – inspection

An inspection of a licensed premises consisting of the following:

- Physical inspection of premises conducted, search of council records, and compliance report issued
- Outstanding licence fees

Fast track search available and fees differ for single licences or multiple licences.

## Environmental requisition enquiry

An enquiry for premises where a business is conducting an environmentally relevant activity (ERA) consisting of the following:

- Search of council records to indicate last correspondence or current status.
- Outstanding licence fees

Fast track search available. A physical inspection of the property is not conducted for this search.

## Environmental search inspection

Prior to purchasing an existing ERA business or a property with an existing ERA business, it is recommended that you apply for an environmental search inspection to confirm there is a current environmental authority and the level of compliance with the conditions for that approval/ authority.

The inspection of the premises where the environmentally relevant activity (ERA) is being conducted consists of the following:

- Physical inspection of premises conducted, search of council records, and compliance report issued
- Outstanding licence fees

NOTE: If there is a change in the environmentally relevant activity (ERA) conducted on the property,

a new ERA application is required.

Fast track search available and fees differ for single licences or multiple licences.

## Pest management property inspection

This search is a physical inspection of the property and information is provided on:

- Any declared weeds located on the property
- Notice of any requisitions against the property
- If the property is in a programmed area for dingo baiting.

## Development services searches

### Planning and development certificates

**LIMITED** - Information supplied in this certificate includes:

- Street address and real property description
- Description of any planning scheme provisions applying specifically to the premises, including locality, zone, precinct, sub-precinct, overlay(s), notation(s) (this information is also available for free from MiMAPS)
- Description of any designations applying to the premises
- Statement of any infrastructure charge for the premises

# Searches and Plans

**STANDARD** - In addition to the information supplied with a Limited Planning and Development Certificate, a Standard Planning and Development Certificate includes:

- A copy of every decision notice or negotiated decision notice for a development approval that has not lapsed
- Details of any minor change to the development approval
- A copy of any agreement to which the local government or concurrence agency is a party about a condition of the development approval
- A copy of any Infrastructure agreement applying to the premises to which the local government is a party
- A description of each proposed amendment of a planning scheme the local government has decided to proceed with under schedule 1, section 16, of the local government act but has not been adopted

**FULL** - In addition to information supplied with a Limited and Standard Planning and Development Certificate, a Full Planning and Development Certificate includes:

- If there is a development approval containing conditions (including conditions about the carrying out of works or the payment of money, other

than under an infrastructure agreement) currently in force for the premises - a statement about the fulfilment or non-fulfilment of each condition, at a stated day after the day the certificate was applied for

- If there is an infrastructure agreement to which the local government is a party: (i) if there are obligations under the agreement that have not been fulfilled - details of the nature and extent of the obligations not fulfilled; and (ii) details of the giving of any security and whether any payment required to be made under the security has been made
- Advice of: (i) any prosecution for a development offence in relation to the premises of which the local government is aware; or (ii) proceedings for a prosecution for a development offence in relation to the premises of which the local government is aware

## Other searches

### Sewer drainage plan

This plan outlines the house connection plan (HCP) / sewer drainage for a residential property (classes 1 and 10) and the property sewer drainage for a commercial property (classes 2-9). Fees differ depending on the class of the structure on the property. If no plan is located, the fee is not refundable.

### Water/sewer/stormwater depth plan

This plan outlines council water, sewer and stormwater infrastructure. Road geometry may also be requested, however cannot be ordered using Online Services or the Application for Property Search.

For road geometry please contact council on 1300 622 529, email [council@mackay.qld.gov.au](mailto:council@mackay.qld.gov.au) or visit a customer service centre.

## Refunds

In some instances, if a search request is cancelled after the receipt of payment but before completion, 25% to 50% of the fee may be refunded depending on type of search. Refer to fees and charges for full details. In instances where a search involves provision of a plan, and no plans are available, no refund will be provided.

## One search per property

One search per single property will be provided. If more than one property is required, please provide the appropriate fees for each additional property. For planning and development certificates and all building compliance searches, fees are per property and a property is defined as one lot/plan. A separate fee is payable per property, per request.
