Agricultural Land Overlay, Locally Important Agricultural Areas (LIAA) was developed in consultation with the sugar industry. The LIAA includes the highest value land specifically suitable for sugarcane production. The LIAA footprint identifies land according to set criteria. This data is to be used as a guide only for planning purposes.

- Locally important agricultural areas (LIAA)
- Locally important agricultural areas (LIAA) (40m buffer area)

Cadastre

- Local Government Boundary
- Cadastre - May 2018 (Sourced DNRME)
- Suburb or Locality
- Waterway or Waterbody

Agricultural Land Overlay, Locally Important Agricultural Areas (LIAA) was developed in consultation with the sugar industry. The LIAA includes the highest value land specifically suitable for sugarcane production. The LIAA footprint identifies land according to set criteria. This data is to be used as a guide only for planning purposes.
