

Notice of Objection to Differential General Rate Categorisation

FRM-68.046

This form is intended for use in instances where an applicant believes their property is being rated as an incorrect category. For further information regarding the difference between rating categories, please refer to Mackay Regional Council's [website](#) for rating information.

The lodging of this objection does not negate payment of rates due, and the levy and recovery of rates by Mackay Regional Council. Should the objection be approved, rates will be adjusted at that time."

NOTE:

1. That the rating category in which the land is included was identified by the Mackay Regional Council (**the decision maker**); and
2. That the owner may object to the categorisation of the land by giving to the decision maker notice of objection, in the form approved by the decision maker, within 30 days after the date of issue of the rate notice or any further period the decision maker allows; and
3. The sole ground on which the owner may object is that, having regard to the criteria decided by the Local Government by which rateable land is categorised, the land should have been included, as at the date of issue of the rate notice, in another of the rating categories; and
4. Giving a notice of objection will not, in the meantime, affect the levy and recovery of rates; and
5. That, if the owner's land is included in another rating category because of the objection, an adjustment of rates will be made.
